Pet-food cans **must** go in scrap.
They are **not** to be placed with aluminum cans.

Residents who have E-waste can deliver it to the Convenience Center Department. Some examples you may not know are CD,VHS, DVD, and Blu-ray players; pagers and scanners; scales, vacuums, stereos, and toasters; all types of batteries; and all types of computers and related devices—most anything with a cord!

Brush and tree limbs may not be brought to the Convenience Center. Disposal should be by backyard composting or delivering them to the Salem County Improvement Authority. If needed, the Township will provide a chipping service to grind and dispose of tree limbs having a diameter of 3” or less. **This service is limited to residential in April and October only.** To be placed on the schedule, call 856-358-0466 and leave a message with your name and address. Service will be provided for normal, seasonal trimming of trees and shrubs. Cut ends must be placed at the edge of the road. In the event of a severe storm, brush and limbs may be chipped at the discretion of the Public Works Department.
