Mr. Nardelli continued with the Technical comments from his letter. Mr. Clancy stated that the applicant would comply with 1. 6 inch dense graded aggregate with 2 inch thick 3/4 inch crushed stone, 2. the driveway closest the intersection will be closed and the westerly driveway will become two-way, 3. Cypress shrubs will be planted along the Three Bridge Road frontage, as a buffer for Lot 40 and along the Lot 41 property line, 4. Lighting, as proposed, conforms, 5. Since there is no major development, it is not subject to the Stormwater ordinance, 6. The hours of operation will be corrected on the plan, 7. The applicant was requesting a 4 foot by 6 foot sign - 6 foot high. Finally the plan showed a split rail fence along the Route 40 frontage to prohibit access to the property.
